THE POWER TO BE WORRY FREE

With Sony's exclusive Worry-Free Recording™ and Stamina™ Battery Life you've got an unbeatable combination of extended recording time and worry-free operation.

Worry-Free Recording

Life is wonderfully unpredictable. Your camcorder, however, shouldn't be. That's exactly the thinking behind Sony's exclusive Worry-Free Recording, a sophisticated, technologically advanced system of convenient and innovative features that makes it easy to capture life's most precious and priceless moments—every time.

Stamina Battery Life

If you want to capture lasting impressions, you need a camcorder with the lasting power to do it. And with Sony's exclusive Stamina feature, you'll rest easy knowing that your camcorder has all the power you need to create perfect video memories—anytime, anywhere. By combining low power consumption with high-capacity InfoLithium Batteries, Sony Handycam Camcorders have the Stamina to record for up to 12 hours on one optional battery.

InfoLITHIUM Battery

The highly advanced, incredibly powerful InfoLITHIUM battery allows for up to 12 hours of continuous recording time using an optional NP-F950 battery. A built-in microprocessor actually communicates information back and forth from your camcorder to let you know how much power you've got left within an accuracy of plus or minus one minute.

ACCUPOWER™ Battery Meter

With Sony's AccuPower Meter, you'll never have to wonder how much battery time you have remaining on your camcorder. A highly sophisticated power management feature, the AccuPower Meter displays remaining battery time on the LCD monitor, as well as in the color viewfinder within an accuracy of plus or minus one minute. It's all made possible by Sony's InfoLithium batteries, which continuously communicate to the camcorder the recording time remaining.

No Memory Effect Problems

If you've used a camcorder in the past, you may be aware that Ni-Cad batteries have a "memory." That means if you regularly recharge your battery before it's completely empty, it eventually "memorizes" the short use and becomes a shorter life battery. Sony's InfoLithium battery has no memory. No matter how often you charge it after a short use, the InfoLITHIUM battery will be fully charged and ready to go.

Quick Charge System

Need additional battery power in a hurry? No problem. Sony's new Quick Charge system requires only 15 minutes to recharge an NP-F750 or NP-F950 battery for up to 1 hour of use. You can also use the optional AC-V700 to quick charge all Sony InfoLithium batteries, including the supplied NP-F330 battery. A convenient readout in the LCD monitor continually let's you know the amount of available recording time you've added.

INFOLITHIUM BATTERY PACKS

Small and lightweight, they pack a charge.

Sony's Lithium Ion batteries can be charged or discharged at anytime without developing what is known as "memory effect." This means the Lithium Ion battery will never lose its ability to hold a full charge.

AccuPower™ Battery Meter

A highly-sophisticated power-management feature, the AccuPower Meter displays remaining battery time on the LCD monitor, as well as in the color viewfinder within an accuracy of plus or minus one minute. It's all made possible by Sony's InfoLITHIUM batteries which continuously communicate to the camcorder the recording time remaining.

NP-F100

- Rechargeable Lithium-ion battery pack for DCR-PC10 -Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 5.2Wh (730mAh) with no Memory Effect
- Up to 1 hour of continuous recording time

MSRP \$ 130

NP-F200

- Rechargeable Lithium-ion battery pack for DCR-PC10 -Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 9.7Wh (1350mAh) with no Memory Effect
- Up to 110 minutes (LCD off) of continuous recording time

MSRP \$150

NP-F300

- Rechargeable Lithium-ion battery pack for DCR-PC10 -Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 19.4Wh (2700mAh) with no Memory Effect
- Up to 250 minutes (LCD off) of continuous recording time

MSRP \$170

NP-F730H

- Rechargeable Lithium-ion battery pack for DCR-VX1000
- 7.2V, 21.6Wh (3000mAh) with no Memory Effect

MSRP \$120

NP-F550

- Rechargeable Lithium-ion battery pack
- Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 10.8Wh (1500mAh) with no Memory Effect
- Up to 4 hours of continuous recording time

MSRP \$60

NP-F750SP

- Rechargeable Lithium-ion battery pack
- Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 21.6Wh (3000mAh) with no Memory Effect
- Up to 8 hours of continuous recording time
- **Free 8mm Tape**

MSRP \$100

NP-F950

- Rechargeable Lithium-ion battery pack
- Built-in microprocessor accurately calculates remaining power +/- one minute
- 7.2V, 32.4Wh (4500mAh) with no Memory Effect
- Up to 12 hours of continuous recording time

MSRP \$150

Power and Stamina to go

Note: See Compatibility chart on page 18 for the right battery for your camcorder.

BATTERY CHARGERS

Portable power plants.

These small, lightweight and totally portable chargers let you put the power back into your Handycam® camcorder just about anywhere you're using it.

AC-V700

- AC power supply/Quick Charger battery charger for all InfoLITHIUM batteries
- Built-in LCD panel displays time left to full/normal charge and remaining battery life in minutes
- Buzzer notifies user when charging is complete

MSRP \$150

DC-V700

- DC (car battery) power supply/Quick Charger battery charger for all InfoLITHIUM batteries
- Built-in LCD panel displays time left to full/normal charge and remaining battery life in minutes
- Buzzer notifies user when charging is complete

MSRP \$150

BC-V500

- Portable battery charger for Lithium-ion batteries (NP-F330/550/730H/750/950)
- Retractable AC plug ideal for lightweight travel - Charges 2 batteries at once

MSRP \$160

BC-V615

- Economical portable charger for Lithium-ion batteries (NP-F330/550/730H/750/950)

MSRP \$60

DCC-L50

- Car battery adaptor cable
- Allows you to power your Handycam camcorder (battery charger not included, see DC-V700) directly from your car's cigarette lighter socket

MSRP \$70

STARTER KITS

Get started in style.

The Handycam® camcorder Starter Kits include all the accessories necessary to get started.

ACC-KITV1

- High-quality, soft-sided carrying case with a black simulated leather exterior and separate side pocket for accessory storage
- Customized lens cleaning kit (KKLC3)
- "Handy Guide to Handycam" videotape that provides everything from the basics of shooting and playback to helpful hints for producing professional-looking videos.

MSRP \$35

ACC-KITF550

- High-quality, soft-sided carrying case with a black simulated leather exterior and separate side pocket for accessory storage
- Full-size tripod which extends to 44" or contracts to 8" for tabletop shooting
- NP-F550 Lithium Ion Rechargeable Battery for recording time up to 4 hours

MSRP \$100

ACC-KITC30

- High-quality, soft-sided carrying case with a black simulated leather exterior and separate side pocket for accessory storage
- Full-size tripod which extends to 44" or contracts to 8" for tabletop shooting
- 120-minute 8mm tape (P6-120MPC)
- Customized lens cleaning kit with special cleaning solution

MSRP \$60

To place an order, please call 1-800-866-7427

CASES

Rugged, stylish, and singularly Sony.

LCH-VAC

- Hard shell carrying case for all TR/TRV series camcorders
- ABS plastic resin exterior
- Die cut urethane for easy use
- Silver color
- Detachable shoulder strap with shoulder pad - Lockable with 2 keys (supplied)

MSRP \$80

LCH-VX1000

- Hard case for Digital Handycam DCR-VX1000 camcorders
- Separate accessory compartment
- Tripod carrying attachment

MSRP \$350

LCS-PC7

- Soft carrying case designed especially for the DCR-PC10
- Versatile design allows you to carry your PC10 over your shoulder or around your waist
- Easy to open velcro closure for instant access to your camcorder

MSRP \$50

LCS-HG1

- Universal soft carrying case for all TR/TRV series Handycam camcorders
- Attractive hunter green canvas exterior protects your valuable video equipment
- Extra storage area for accessories

MSRP \$30

LCS-FDC

- Soft carrying case for Digital MAVICA MVC-FD5 and FD7
- Includes shoulder strap and convenient belt loop.

MSRP \$50

LCM-SC100

- Semi-soft carrying case designed especially for the DCR-SC100
- Innovative snug-fit design can be worn over your shoulder or around your waist
- Reinforced outer shell provides added exterior protection when camcorder is not in use

MSRP \$50

TRIPODS

Always steady. Always ready.

VCT-R610

This lightweight Sony tripod can be expanded from 21 inches to 61.4 inches in height.

MSRP \$50

VCT-R630RM

Strong and heavy weight, this full size tripod with remote control in grip, allows you to control zoom, record, start/stop and lock/standby. Designed for both Handycam® Camcorders and 35mm cameras. Features quick release, 2 way pan head.

MSRP \$100

VCT-550RM

Light weight and durable, this full size tripod with remote control in grip, allows you to control zoom, record, start/stop and lock/standby. Designed for both Handycam® Camcorders and 35mm cameras. Features quick release, 2 way pan head.

MSRP \$80

VCT-TK1

Compact pocket tripod.

- Uses standard screw mount
- Works for camcorders/cameras/Mavica
- Maximum height 2 3/4"

MSRP \$20

MICROPHONE

ECM-HS1

- Gun/zoom microphone
- Intelligent shoe
- Synchronized with camcorder zoom

MSRP \$70

To place an order, please call 1-800-866-7427

LIGHTS

Shed some light on the subject.

HVL-S3D

- 3 watt DC Video Light (Powered by camcorder)
- Intelligent shoe

MSRP \$40

HVL-20DW2

- Video Light
- 10 watt and 20 watt
- Cold Shoe

MSRP \$150

HVL-F10

- Video Flash with automatic regulation
- Cold Shoe
- Use for Photo Mode

MSRP \$150

HVL-FDH2

- 3 watt Video Light
- Built-in flash with automatic regulation
- Intelligent Shoe
- Small compact design

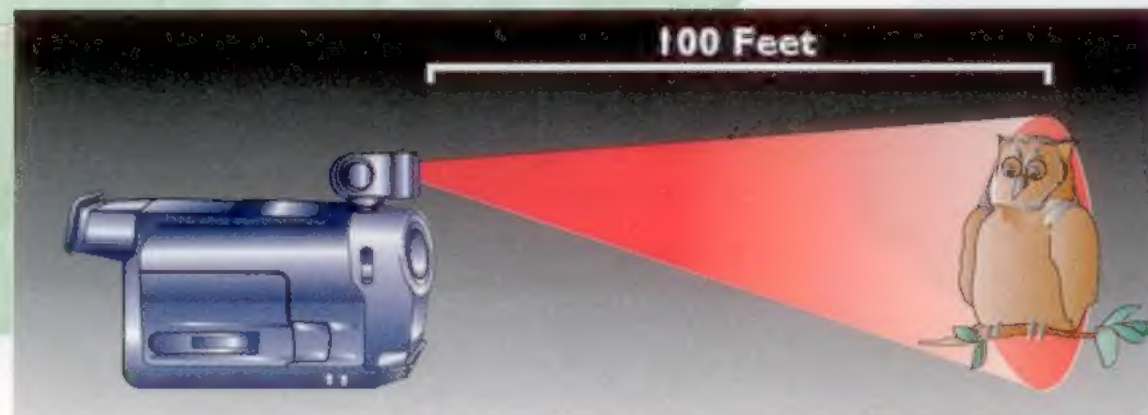

MSRP \$150

HVL-IRH

- 3 watt Video Light
- 3 watt IR Emission Light (for NightShot)
- Intelligent Shoe
- 100 feet for IR Emission
- Controllable Light volume

MSRP \$100

Shown mounted on a Handycam camcorder, the HVL-IRH Light extends Sony's NightShot feature up to 100 feet with a 3 watt Infrared Emission Light.

Note: See Compatibility Chart on page 18 for the right light for your camcorder.

To place an order, please call 1-800-866-7427

LENSES

See things your way.

Telephoto View: Allows you to capture a close-up view of a far away subject—great for outdoor action. **Wide-Angle View:** Enables you to get the whole family and all your friends in the shot at once.

VCL-R2037

- Telephoto lens
- (2.0x); 37mm lens diameter.

MSRP \$80

VCL-R2052

- Telephoto lens
- (2.0x); 52mm lens diameter

MSRP \$80

VCL-R0752

- Wide-angle conversion lens
- (0.7x); 52mm lens diameter.

MSRP \$70

VCL-0637H

- Wide-angle conversion lens
- (0.6x); 37mm lens diameter.

MSRP \$50

VCL-TRA

This convenient lens kit combines:

- Telephoto lens (1.4x)
- Wide-angle lens (0.6x)
- Hard carrying case for protection
- .37mm lens diameter fits TR-series and FX-series camcorders.

MSRP \$120

VCL-0752H

- Wide-angle conversion lens
- (0.7x); 52 mm lens diameter
- Recommended for digital camcorders

MSRP \$160

VCL-1452H

- 1.4x Telephoto lens
- Fits 52mm lens diameter
- Recommended for digital camcorders

MSRP \$160

VCL-ES06

- Wide-angle lens (0.6x)
- Fits MVC-FD7 (Digital Mavica)

MSRP \$50

FILTERS

VF-R52K

Lens filter kit:

- Multi-coated filter protects lens from dust and streaks
- Neutral density filter diminishes brightness of the sun's rays
- Hard carrying case for protection
- Fits 52mm camcorder

MSRP \$30

VF-R37K

Lens filter kit:

- Multi-coated filter protects lens from dust and streaks
- Neutral density filter diminishes brightness of the sun's rays
- Hard carrying case for protection
- Fits 37mm camcorders

MSRP \$30

VF-37PK/S

Lens filter kit:

- Polarized Light Filter removes unwanted reflected light from water or glass
- Multi-coated filter protects lens from dust and streaks
- Hard carrying case for protection

MSRP \$70

Note: See Compatibility Chart on page 18 for the lens and filter

SPORT PACKS

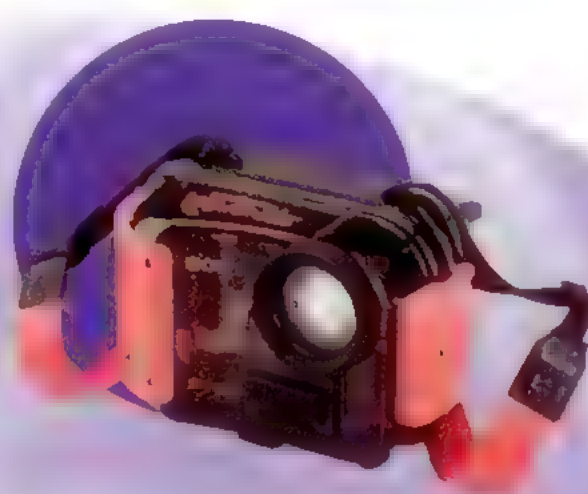

Take them to the extreme.

SPK-TRV7

- Water resistant housing for DCR-TRV7

MSRP \$249

SPK-SC100

- Water resistant housing for DCR-SC100

MSRP \$249

MARINE PACKS

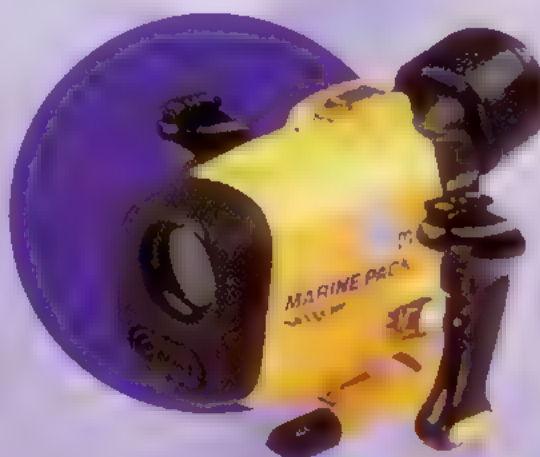

Take video excitement to new depths.

MPK-TRV3

- Underwater housing for TR/TRV series 97/98 models.
- Allows you to take your camcorder to 250 ft.

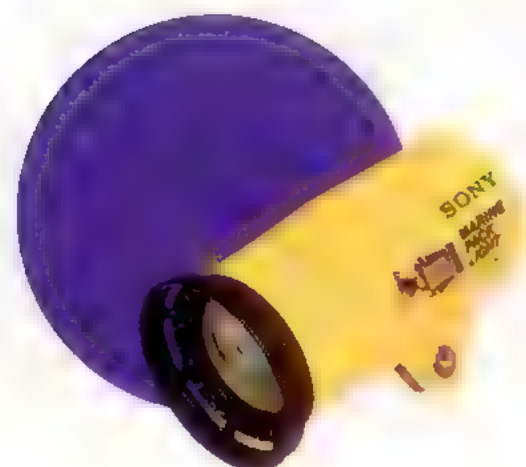

MSRP \$1,800

MPK-TRV7

- Underwater housing for DCR-TRV7
- Allows you to take your camcorder to depths of 246 feet
- Electronic control of Handycam camcorder functions

MSRP \$2,000

HVL-ML20

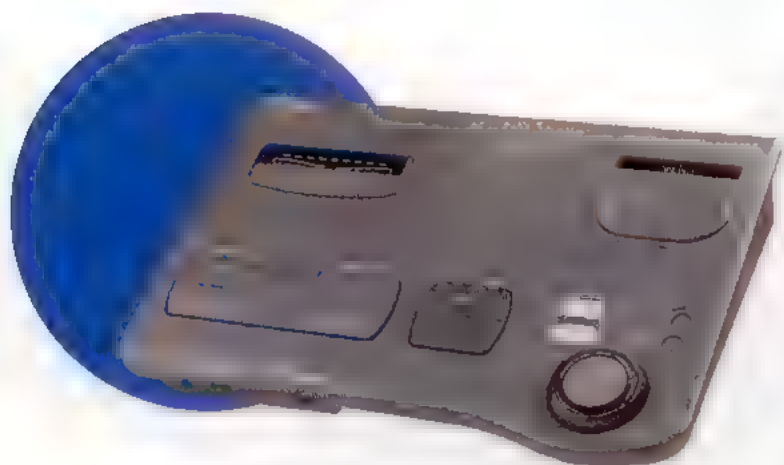

- Marine pack light
- 20 watt power
- Uses InfoLITHIUM battery

MSRP \$270

EDITING

Creativity made easy.

Put your own creative stamp on everything you film with Sony's sophisticated, yet easy-to-use editing decks.

XV-AL100

Sony's XV-AL100 all-in-one edit system is designed to make editing your home video library easier and more enjoyable than ever! By combining the editor, titler, and audiomixer into one, the XV-AL100 provides easy operation with advanced features.

MSRP \$599

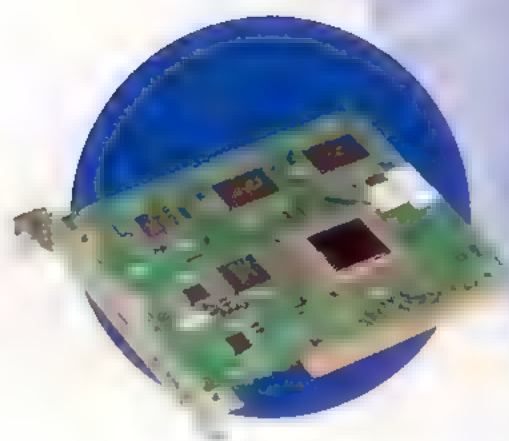

IMAGING

CCD-Z1

- Miniature camera for home security use/teleconference/image capture
- 1/4" 270K pixels
- Manual Focus
- Auto Flicker Reduction
- Built-in microphone
- Ceiling hanger kit is included

MSRP \$199

DVBK-2000

- Digital still image capture card for desktop computers
- Captures a single frame of digital video
- Plug and play capability with Windows95
- Download/upload from digital Handycam camcorder or laptop via DV interface (IEEE1394)
- Real Time on-screen preview of digital video
- High-quality image capture (640 x 480 pixels) 24 bit VGA color
- Allows on-screen control of DV camcorder
- Captures in two file formats: bitmap and JPEG for PC compatible. JPEG/PICT for Mac compatible
- DV tape label maker with pictures
- Adobe Photo Deluxe software included

MSRP \$700

DVBK-CW200

- PCM-CIA Type II expansion card ideal for portable use
- Captures a single frame of digital video
- Plug and play capability with Windows95
- Download/upload from digital Handycam camcorder or laptop via DV interface (IEEE1394)
- Real Time on-screen preview of digital video
- High-quality image capture (640 x 480 pixels) 24 bit VGA color
- Allows on-screen control of DV camcorder
- Captures in two file formats: bitmap and JPEG
- DV tape label maker with pictures
- Adobe Photo Deluxe software included

MSRP \$700

To place an order, please call 1-800-866-7427

PRINTERS

Color prints quick.

CVP-M1

- Makes quick prints from any video source (60 sec. per print)
- Full frame digital memory for high resolution
- Picture size: 3 1/4 X 4 3/8 inches
- Multi-image printing on same print
- Custom border options for personalized prints: Oval/Heart/Brush/Cloth/Wave
- Picture control adjustments

MSRP \$999

DPP-M55

- Dye Sublimation color printing technology
- Prints on VP standard paper (5.5" x 3.9")
- Parallel and serial ports for easy connection to Windows 95 and Macintosh® systems
- Infrared connection for direct wireless connection to Sony's DSC-F1 Digital Still Camera
- Windows® 95 and Macintosh® driver software included
- Continuous tone, photo-realistic prints (16.7 million colors, 144dpi)

MSRP \$500

CABLES

All the right connections

Sony connector cables are designed to the highest standards of signal transmission performance, with high performance.

RFU-95UC

Converts composite video signal from camera into RF signal for input to the antenna connector of your TV (NTSC standard).

MSRP \$40

VMC-2DV

2m digital interface single cable carries video, audio, and frame information allows for editing between Digital Handycam® Camcorders with virtually no picture quality loss

MSRP \$50

VMC-4DV

4m digital interface single cable carries video, audio, and frame information allows for editing between Digital Handycam® Camcorders with virtually no picture quality loss

MSRP \$90

VMC-LM7

26 pin adaptor for LANC and Stereo Microphone. Fits DCR-PC7/PC10

MSRP \$50

VK-820

Control (LANC) editing connector cable: stereo mini-mini to stereo mini-mini.

MSRP \$19

YC-15HG/YC-3-HG

4 1/2 ft. S-Video Cable/9ft. S-Video Cable

MSRP \$15/\$40

YC-15EV/YC-30EV

S-Video connector cables made of LC-OFC with Hi-Fi gold plated connectors (YC-15V: 4 1/2 ft. length; YC-30V: 9 ft. length)

MSRP \$17/\$50

VIEWING

The marquis is always on with easy video playback.

CPJ-A300

- Compact LCD projector
- For use with any video source
- 184,000 pixel LCD for high quality pictures
- Projects up to 80 inches
- Stereo sound with built-in speakers
- Built-in LaserLink receiver/transmitter for wireless transmitter up to 16 ft away

MSRP \$1,700

TGV-7

- Intelligent Tuner Pack
- Power supplied direct from camera
- VHF 2-13 ch, UHF 14-69 ch
- Rod antenna built-in

MSRP \$249

XV-M30

- For on-location monitoring in color. This LCD monitor has a 3-inch active-matrix screen that provides a bright, highly detailed picture.
- Connects to the accessory shoe of Sony camcorders.

MSRP \$599

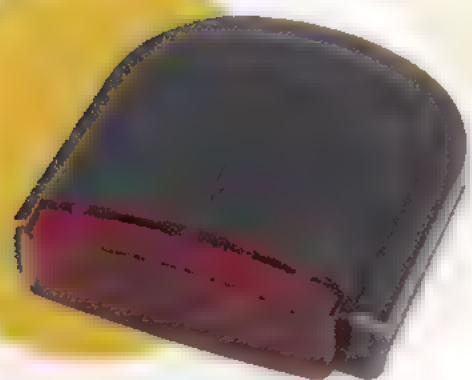

CPJ-200

- Compact LCD projector
- For use with any video source
- 184,000 pixel LCD for high quality pictures
- Projects up to 80 inches
- Stereo sound with built-in speakers

MSRP \$1000

IR TRANSMITTER

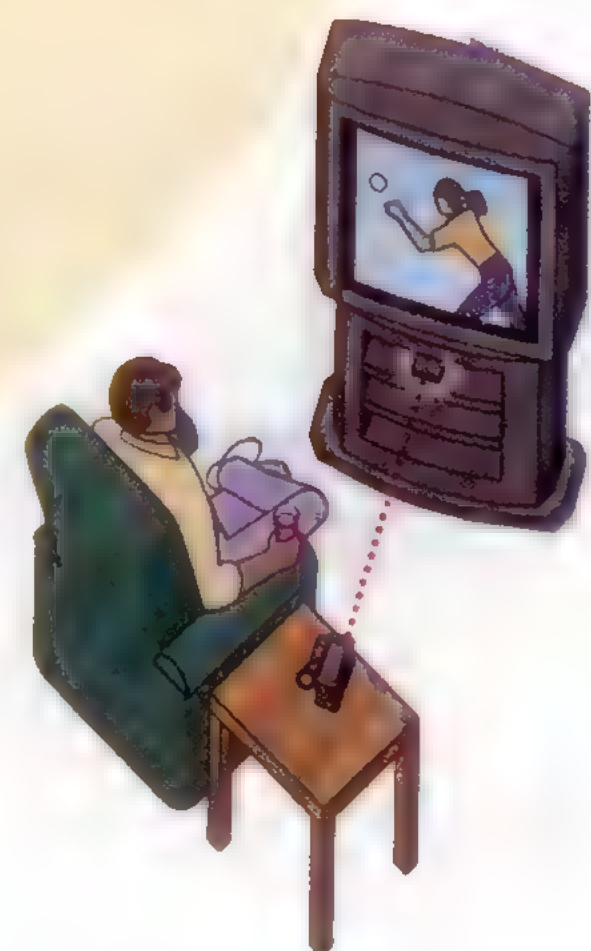

Cordless, wireless, and ingenious.

IFT-R10 (Audio/Video Infrared LaserLink Receiver)

- For Handycam camcorder equipped with Infrared transmitter
- Playback Handycam® camcorder without wire connection
- Usable up to 16-feet distance
- High-quality video with stereo sound
- AC power supply A/V cable (accessory supplied)

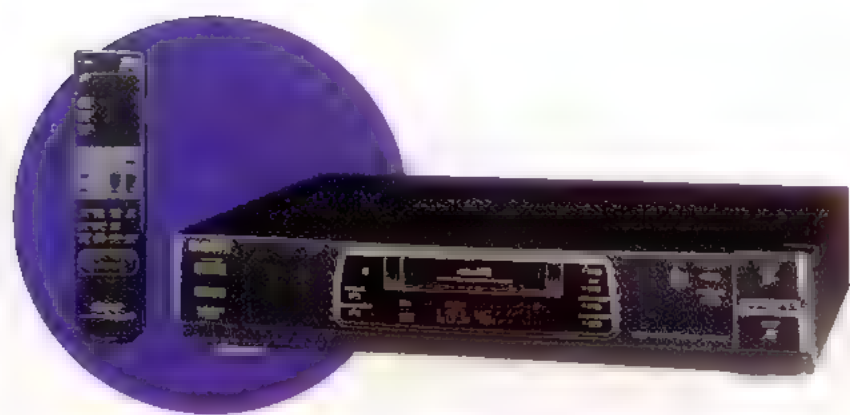

MSRP \$70

To place an order, please call 1-800-866-7427

8MM DECKS

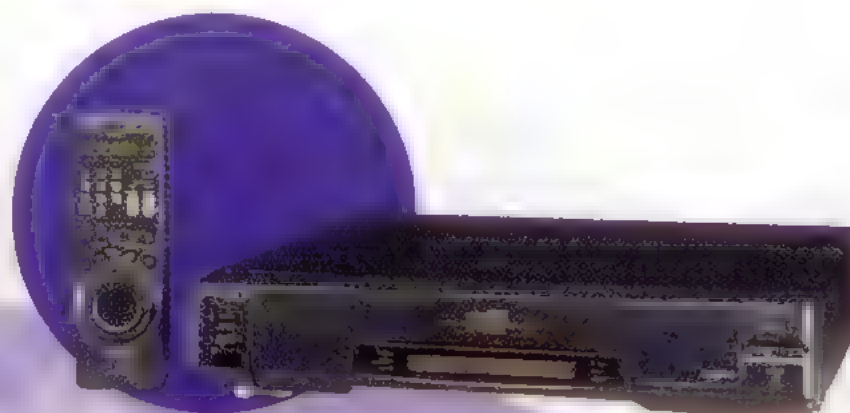

With the video Hi8™ System.

EV-C200

- Video Hi8 system
- Hi-Fi stereo sound
- Crystal-Clear still/slow
- Control L (LANC)

MSRP \$850

EV-S5000

- Video Hi8 system
- Hi-Fi stereo sound
- RC-Time code and control L (LANC)
- 8 Segment assemble edit
- Television tuner/timer
- VCR Plus+™ programming

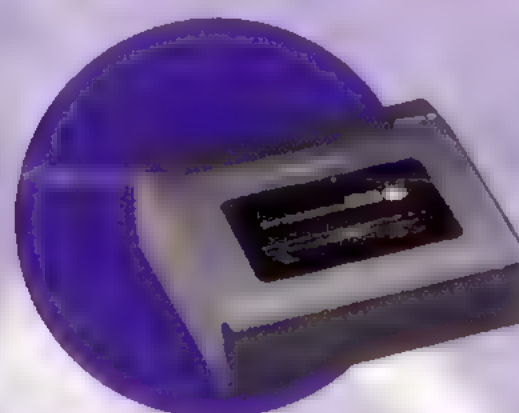

MSRP \$1,899

EV-C25

- Up to 2 1/2 hours recording time on a single 8mm videocassette
- Hi-Fi stereo sound
- High speed rewind/pause buttons
- Flying Erase™ Head
- Space saving thin design

MSRP \$550

REW-88

- Compact, portable rewinder with anti-jamming system.
- Rewinds 2 hour tape in 1.5 minutes

MSRP \$70

VIDEO WALKMAN

Carry the show wherever you go.

Shown with optional TV tuner (TGV-100).

GV-A500

- Hi8 recording and playback capabilities
- Video Hi8 system (400 lines Hor. res.)
- AFM HiFi stereo audio
- Up to 5 hours recording time on single cassette (in LP mode)
- 4" color LCD active matrix display
- Clean still and slow motion
- Control L (LANC) editing interface
- Built-in speaker and headphone jack
- LaserLink™ Wireless Transmitter for easy playback
- AccuPower™ Battery Meter with InfoLITHIUM battery
- Audio/video input/output
- 3-way power capability

MSRP \$999

TGV-100

Shown at left attached to GV-A500.

- Optional Tuner for GV-A500
- 2-13 for VHF
- 14-69 for UHF

MSRP \$199

To place an order, please call 1-800-866-7427

CINEMA 8

To order Handy Guide to Handycam® call: 1-800-866-7427.

Handycam Guide with Helpful Handycam Hints

Sony's Handy Guide to Handycam. This 8mm videocassette will teach you everything from the basics of shooting and playback to helpful hints for using Sony Handycam features including fade, zoom and high speed shutter.

ONLY \$19.95 plus shipping and handling (K15002)

8MM TAPES

Only 8MM tapes below are available from CINEMA 8.

P6120MPCA

- The tape for every recording occasion. Sony's standard 8mm recording tape, noted for exceptional picture quality and durability
- 8mm MP 120 minutes

MSRP \$4.49

P6120HMPC

- Exceptional Image detail and color. Sony Hi8 metal particle recording tape features high energy metal particles specially designed to capture the higher resolution of Hi8 recording
- Hi8 Metal-P 120 minutes

MSRP \$10.99

E6180HMEC

- The ultimate high-resolution video tape. Sony's advanced metal evaporated tape features an improved formulation for superlative picture and sound reproduction
- 180 minutes

MSRP \$25.99

P6120HGCA

- For your most precious memories. Sony's high grade 8mm metal tape is the premium tape for situations where you want an extra margin of excellence in picture and sound
- 8mm HG 120 minutes

MSRP \$5.89

E6120HMEC

- The ultimate high-resolution video tape. Sony's advanced metal evaporated tape features an improved formulation for superlative picture and sound reproduction
- Hi8 Metal-E 120 minutes

MSRP \$18.99

To place an order, please call 1-800-866-7427

HOW TO ORDER

By Phone:

See your local Handycam retailer to purchase any of the listed accessories. If you cannot find them or your local retailer does not carry all of the accessories, you can order directly. For prompt personal service or credit card orders please call our Cinema 8 operators at 1-800-866-7427. Have your order ready when phoning (item number, description, quantity and credit card information). Phone operators are available 24 hours. Minimum order \$25.00.

By Mail, Send coupon to:

Cinema 8, P.O. Box 461, New York, New York 10023

Just fill in the supplied order form. Specify item number, description, quantity, and price. Total the order and add sales tax, handling and shipping charges.

Enclose a check or money order or complete credit card information. It is necessary to sign your name to process your credit card order. COD's, currency or stamps are not an acceptable form of payment. Make all checks payable to Cinema 8.

[illegible]

Payment Method:
